Omar Hassan

Senior Salesforce Developer

omar.hassan.dev@example.com | +20 100 555 0141 | Giza, Egypt | linkedin.com/in/omar-hassan-example

SUMMARY

Salesforce developer with 6 years of hands-on experience building custom solutions on Sales Cloud and Service Cloud. Strong in Apex, Lightning Web Components and integrations, and recently focused on Agentforce agents and Prompt Builder. Comfortable leading small teams and owning delivery end to end.

EXPERIENCE

Senior Salesforce Developer - Nile Cloud Solutions

Mar 2023 - Present | Cairo

- Led a team of 4 developers delivering Service Cloud for a telecom client with 1,200 agents.
- Built an Agentforce service agent with custom Apex actions, cutting case handling time by 30%.
- Designed REST integrations with an external billing system using Named Credentials and Platform Events.
- Set up CI/CD with Salesforce CLI and GitHub Actions; introduced code review and PMD checks.

Salesforce Developer - Delta Digital

Jun 2020 - Feb 2023 | Cairo

- Developed 25+ Lightning Web Components for a real estate sales app (units, reservations, payments).
- Wrote trigger frameworks and batch Apex processing 2M+ records nightly.
- Maintained 90% Apex test coverage across the org.

Junior Salesforce Developer - Brightway Tech

Jul 2018 - May 2020 | Cairo

- Built Flows, validation rules and Visualforce pages for internal sales operations.
- Migrated Aura components to LWC.
